

PETER FEIDEN

Associate

Peter Feiden has more than 20 years of experience working for the federal government, a non-profit association, and as a consultant providing support to a variety of institutions. As a Foreign Service Officer with USAID he coordinated a variety of activities to strengthen public institutions. He has conducted comprehensive organizational assessments, designed performance measurement and tracking systems, and worked on process and productivity enhancement consulting assignments. Peter has designed and managed processes for groups to undertake collaborative policy development exercises, such as development of agency-wide position papers. He has facilitated leadership retreats for high-level government officials, as well as longer-term strategic planning processes. Peter has undertaken a variety of program evaluations concerned with institutional growth and development of government-supported organizations. As a result of working in over 25 countries he has strong insights into making group processes work across cultures. He has been an associate of LEAD Alliance since 1996.
